

## **THE IIA CYPRUS & ISACA** **CYPRUS CHAPTER**

### **Course Outline:**

The rapid adoption of Artificial Intelligence (AI) presents exciting opportunities but also introduces new challenges for audit, risk, and security professionals. This half day session aims to equip ISACA and IIA members with the knowledge and skills to assess the growing use of AI within their organisations, and very importantly, empower them to harness the potential of AI. This session is designed for auditors, risk professionals, and security professionals who want to stay ahead of the curve and ensure the responsible and secure implementation of AI within their organizations.

### **Course Objectives:**

By the end of the session, delegates will be well-positioned to:

- Proactively identify and assess AI-related risks.
- Adapt existing audit methodologies to effectively evaluate AI systems.
- Leverage enhanced auditing techniques specifically designed for AI systems.
- Contribute to the development and implementation of robust governance frameworks for trustworthy AI.

### **Instructor:**

Allan Boardman is a seasoned business advisor and accredited trainer focusing on information and technology governance, assurance, risk management, security, and data protection. He is a regular speaker at conferences across the globe and regularly runs courses and workshops. A Chartered Accountant, he began his career with Deloitte in Cape Town and has 40+ years' experience including at GSK, AXA, Morgan Stanley, JPMorgan, Goldman Sachs, KPMG, PwC, Marks and Spencer and London Stock Exchange.

He currently serves as a co-opted member of the Audit and Risk Committee at large London university. He recently rotated off ISACA's CGEIT Certification Working Group and currently serves on the CDPSE Certification Working Group. He has served as an ISACA International Vice President and member of ISACA's International Board of Directors 2011-14, Chair of ISACA's Credentialing and Career Management Board and member of its Strategic Advisory Council, also 2011-14. He has served on and chaired ISACA International's CISM Certification Committee and served on its Credentialing Board and Leadership Development Committee. He served on ISACA International's Audit and Risk Committee from 2014-18 and as Chair 2014-15. He is a past president of ISACA London Chapter (2004-06) and has served on the British Computer Society's Information Risk Management and Audit committee.

He received the ISACA Chair's Award in 2014, the Eugene M. Frank Award in 2019 and was included in ISACA's 2018 and 2019 "Top-Rated Speakers" lists. He is a 2023 inductee in ISACA's Hall of Fame.
